

WHITE MEN SENT ON TO GRAND JURY

One of Two Charged With Robbery Makes Full Confession.

FARMER ATTACKED BY BULL

Miss Helen Gould Sends \$5,000 Check for New Y. M. C. A. Building.

Times-Dispatch Bureau, 3 Hollingsbrook Street, Phone 145.

Petersburg, Va., January 12.—The two white men, Horace Livesey and T. L. Gale, charged with holding up and robbing L. Braxton, Saturday night, were this morning sent to the grand jury by the police justice. Livesey, who yesterday afternoon surrendered himself and confessed the robbery after having escaped from the police after his arrest Saturday night, took the witness stand this morning and made voluntarily a full confession of the whole affair. Gale employed counsel and made a fight, but had nothing to say. Livesey said that he and Gale met Braxton on Hollingsbrook Street, took drinks at his expense, and subsequently walked with him to a lonely spot several squares away, when they stopped and made demand for his money. They got something over \$5, which after ordering him to run away, they divided between themselves. Livesey taking \$3, and Gale \$2 and the surplus change.

Braxton testified that while no violence was used by the men, their manner was rough, their hands were on their hip pockets and he very much feared violence if he resisted. Livesey said that after he escaped he spent the night in Chesterfield County. He had determined to leave the vicinity, but on second thought decided to surrender and confess. Braxton is a stranger in Petersburg, being temporarily employed here by the Seaboard Air Line Company, and making a car his home. He will get all of his money back. The cases will come before the grand jury on Thursday of this week.

The occurrence happened in an outhouse in the yard of E. L. Perkins, about three miles from Reams. The children were playing with a pistol, which was held by Myrick. The ball entered Ruffin's forehead, causing almost instant death. The Myrick family have lived on Perkins' farm ever since the war, and are of good reputation. The shooting was purely accidental.

PROVES OWNERSHIP OF HER PET DOG'S ASHES

Man and Woman of Same Name Claim Package Sent to Houdou.

New York, January 12.—The mail clerk at the Hotel McAlpin was called on yesterday to referee a dispute about the ownership of a package. It was due to a coincidence in the names of a man and woman. An identification by the woman of the contents of the package established her claim when she explained that the box contained the ashes of her Boston terrier, which had been cremated and shipped here at her request by parcels post from Washington.

It was then that Frank F. Weston, sales manager of the S. G. V. Motor-car Company of Reading, Pa., began to regret his part in the affair. He had been notified that the package addressed to F. F. Weston had come by parcels post.

When he called for it at the desk the clerk was engaged with a Mrs. Weston, who was asking eagerly for a package which she had expected to find awaiting her. After some discussion as to the owner, Mrs. Weston described what the box contained, and proved that the dog had been her companion for nine years and had crossed the Atlantic with her no fewer than five times.

FINEST STAINED GLASS IN WORLD BOUND FOR U. S.

Panel, Identified as Showing the Heraldic Achievements of Fifteenth Century Emperor.

London, January 12.—The famous Grosvenor Thomas collection of stained glass, which is unquestionably the finest and most representative private collection in the world, was shipped yesterday in the President Lincoln for New York, where its treasures are to be exhibited at the Chamber of Commerce. Perhaps the most interesting and valuable item of the collection is a series of eleven large panels in a wonderful state of preservation, which Grosvenor Thomas acquired from Pitt-Rivers, and which turned out to be of fifteenth century origin, and of great historical importance, since they have been identified as the portraits and heraldic achievements of the Emperor Maximilian and members of his family.

The collection, that is being sent across the Atlantic consists of about 300 panels.

CONDITION IS SERIOUS.

Clifton Pearson Found Unconscious Beside Railroad Tracks.

Special to The Times-Dispatch.
Clifton Pearson, N. C., January 12.—Clifton Pearson is lying in a critical condition at the home of his sister, Mrs. Wiley Andrews, at Scottsville, three miles north of this city. He left here Saturday night on the "Shoo Fly" to spend Sunday with his sister, Scottsville being a half station, and was awakened suddenly in a ditch by a negro, Arthur Barnes, who was passing along the track a short distance from the station. He was unconscious. Barnes went for help, and awakened Wiley Andrews. When they lifted the unfortunate young man it was found to be his brother-in-law, and medical aid was summoned. Young Pearson has not yet recovered consciousness, and he is thought to be in a most serious condition. It is supposed that young Pearson had probably gone to the rear platform on the train's nearing the station and had stepped off in the dark.

DR. NESBITT SUMMONED.

Charges Might Result in Expulsion From Medical Society.

Special to The Times-Dispatch.
Wilmington, N. C., January 12.—Dr. Charles T. Nesbitt, Wilmington's Superintendent of Health, was summoned today before the County Medical Society to face charges that might result in his expulsion, in case he is convicted. The charges are based on an alleged interview the New York Globe had with Dr. Nesbitt and in which certain strictures were made on members of the medical society, as well as on the city. Dr. Nesbitt at the time of the interview was in New York City studying sanitary conditions. Dr. Nesbitt denies the interview, and the Globe reporter claimed the story for the sake of sensationalism.

An Appeal to Those Suffering With Rheumatism

My Statement:

If you are a sufferer from rheumatism I know that this will be of much interest. I know if you have a relative, or friend, suffering the terrible tortures of this many-headed monster—rheumatism—that it will be equally interesting.

You would give almost any price to be relieved.

There are many so-called "cures" advertised—read what most of them require: Take three or four times a day, internally, some remedy made up with strong drugs, which I would call "dope."

Read what these "cures" claim is the cause of rheumatism—uric acid, kidney trouble, liver complaint, indigestion, etc.

No one knows what uric acid is—ask your family physician. While you are talking to him, ask about these "cures" at the same time. You have a lot of faith in his opinion.

Rheumatism is a serious disease—with more serious conditions following if not checked in time. It often doubles one up, brings on all sorts of misery, makes life almost unbearable.

Nine cases out of ten require no internal treatment at all.

Do not fill your system with these "cures" until you have tried

Noah's Liniment

You may be one of the nine that can be helped by it—Noah's Liniment is an external treatment.

You would, if a sufferer, give \$5.00 as quickly as \$1.00 for something that would help you. All I ask you to do is to try one large size bottle of Noah's Liniment. If it does not benefit you your dealer is authorized to give back your money.

Where there is not any swelling or fever Noah's Liniment will no doubt help you. Requires very little rubbing, penetrates and does not evaporate like most external remedies.

If you have read thus far you will be more interested to continue. I have personally investigated many of the testimonials for Noah's Liniment.

Not long ago I went to Charleston, S. C., to look into a remarkable case. This man, Mr. John P. Daly, was unable to raise his right arm for more than ten years until he had used Noah's Liniment. Mr. Daly is 68 years old, and is well and favorably known in Charleston. He has resided there most of his life and was a veteran in the civil war. Mr. Daly told me his sister requested a sample by mail; then he states he purchased a 25c size bottle, and then a \$1.00 bottle, and a little more than the latter made a perfect cure.

Louis Martin

Noah Remedy Company

Mr. Daly's Statement

"I suffered with rheumatism in my right arm and shoulder, complicated with a partial paralysis of the nerves. I tried numerous preparations with only partial relief, suffering intense pain all the time, loss of appetite, insomnia and was reduced to a mere skeleton. Fortunately I learned of Noah's Liniment and began its use. Although I could not raise my arm, after using a little more than a large size bottle I feel that I am completely cured and my old self again. Cannot too strongly recommend Noah's Liniment."—John P. Daly, Charleston, S. C.

From a Prominent Business Man of Alexandria, Va.

"I have been using Noah's Liniment in a very bad case of rheumatism, and have found it very beneficial in removing the pain, and believe it to be a valuable remedy. I recommend it to all sufferers in that line."—J. Matthews.

Cured of Sciatic Rheumatism

"Every winter for the past few years I have been troubled with sciatic rheumatism, and had used nearly every liniment and remedy known. I used one bottle of Noah's Liniment, and haven't been troubled with pain since."—J. E. Emerson, Prop. Globe Stamp Works, Boston, Mass.

Cured of Bone Rheumatism

"I had been suffering with bone rheumatism for about three years. I have been using Noah's Liniment, and will say that it cured me completely. Can walk better than I have in two years. Noah's Liniment will do all you claim. I cannot recommend it high enough."—S. E. Cyrus, Donald, S. C.

Noah's Liniment is the best remedy for Rheumatism, Sciatica, Lamé Back, Stiff Joints and Muscles, Sore Throat, Colds, Strains, Sprains, Cuts, Bruises, Colic, Cramps, Neuralgia, Toothache, and all Nerve, Bone and Muscle Aches and Pains. The genuine has Noah's Ark on every package and looks like this cut, but has RED band on front of package, and "Noah's Liniment" always in RED ink. Beware of imitations. 25c, 50c and \$1.00, and sold by all dealers in medicine. Guaranteed or money refunded by Noah Remedy Co., Inc., Richmond, Va.

SENATE COALITION CONSIDERED LIKELY

Believed That Democrats and Progressives Will Form Working Agreement.

Washington, January 12.—Predictions are freely made around the Capitol that Governor Wilson will not be in office two weeks before he will have a perfectly good working agreement with the progressive Republicans of the Senate. These forecasts are based upon the fact that the next President can not risk his legislative program upon the Democratic majority in the Senate of one—a solitary lame lamb, so to speak. It is entirely too precarious. The declaration by Senators who are looking forward to the practical affairs of the next administration.

They contend that he must perforce seek assistance from the Progressives, and, indeed, there are signs in evidence already that the Democrats and Progressives are drawing closer together. Some of the Democratic Senators, believing that the Progressives will demand patronage as part of the price of good feeling, are worried lest inroads may be made upon their State machines.

Agreement on Policies.
Other Senators, however, say that the agreement between the next President and the Republicans will be as to policies of legislation and need not necessarily include dickers with patronage.

Mr. Wilson, when President, will furnish a program of legislation which the Progressives will find to their liking, and which they cannot avoid supporting. It is said.

At the same time, they go on to say, there should be no reason in the world why the next President should not give patronage to progressive Republicans in territory where the Democratic strength is weak. It is certainly not to be expected that he will do anything for the standstillers.

Some Senators expect to see the New Hampshire patronage go to the progressive Republicans in larger proportion than to Democrats. In Maine, the Progressives should get a few plums, and "leading the old guard" the country in States which are not simon-pure Democratic territory.

Will be Good Politics.
It will be good politics, it is said to further disrupt the Republican party by throwing a sop to the Progressives and "leading the old guard" the country indeed out alone in a cold, cold political world.

It is known here that Mr. Wilson is intent upon pushing through his legislative policy with all speed, and of course, with as little friction as possible. But, without more votes than that one lonesome Democratic majority in the Senate, it is realized that he cannot deliver his inaugural address, and hence the expectation that he will hold out open arms to the Progressive Republicans.

'MOVING DAY' FOR CITY OFFICIALS
Yesterday was moving day at the City Hall. On Saturday the City School Board vacated its old quarters on the fourth floor, moving to the rooms recently fitted for school headquarters in the old High School Building, on Marshall Street between Eighth and Ninth Streets. Yesterday City Attorney Pollard and Assistant City Attorney George Wayne Anderson moved into the old quarters of the School Board. Painters and decorators are preparing the former rooms of the City Attorney as private offices for members of the Administrative Board.

Special Accountant George S. Cronshaw moved yesterday across the hall into the old grand jury room, giving up his old office as the general office of the Administrative Board, adjoining the old Street Committee room, now the daily meeting room of the board. In the public office Chairman Whitte will have his desk, with Clerk Dunford and the other members of the clerical staff of the board. Furniture has been purchased for the board rooms, and within a few days the new division of the city government will have a more business-like appearance. Up to this time Clerk Dunford is the only one, either of the actually gotten down to routine work, his record being kept up to date each day. Bookkeeper Shepherd secured yesterday the special forms on which he will open the accounts of the board, keeping a record of its appropriations and balances and of accounts with contractors.

Coffee "Over-Exercises" the Heart

Normal exercise is healthful.
Over-exercise is harmful.
Exercise, up to a certain degree, increases the pulse-rate, causing ample flow of nourishing blood to all the body organs.
That is normal exercise.
Physicians and Physical Trainers know this.
Over-exercise urges the Heart to excessive action—flooding the body organs with blood. The after-effect is stagnation and decomposition in the tissues—as in the lowlands after a spring freshet; and toxins (poisons) abound.
These toxins are reabsorbed into the blood stream, and, passing through the Heart, poison that organ with the rest.
Over-exercise also causes strain.
Architects know what "strain" means in buildings and in bridges, just as Doctors and Trainers know it in the Human Structure.
When "strain" passes a certain limit, the structure begins to weaken—slowly dis-organize.
So with the Heart.
It can stand so much "strain"—more or less, in different persons. Beyond the individual limit—look out.
When the Heart is compelled to over-exercise and convey a blood-stream filled with toxins—it is serious, in the extreme.
Coffee causes OVER-exercise of the Heart through the "whip" it contains in the form of the drug, caffeine.
This drug increases the Heart's action—even while the

individual is at rest. The habitual use of coffee, three or more times daily, forces the Heart to over-exercise.
This produces what Life Insurance Examiners and Physical Trainers term "Coffee Heart."
If you have "Coffee Heart" you can't get life insurance and you can't "go in for athletics"—not much.
But—thousands of former "Coffee Hearts" now beat regularly, supplying the body organs with pure blood in normal amount; are insured and enjoy life.
They have wisely quit coffee entirely and now drink the wholesome, famous food-drink,
POSTUM
Made of clean, hard wheat, Postum contains no coffee or any other harmful substance.
It does not scourge; it nourishes. It does not cause over-exercise of the Heart; it supplies nutrition to that organ and to the blood-stream which feeds and preserves the whole body.
"There's a Reason"
Postum now comes in New Form called
INSTANT POSTUM
It is regular Postum in a concentrated form, nothing added.
Place a level teaspoonful in a cup, pour on boiling water, stir, add sugar and cream to taste, and it is ready instantly.
No bother—flavor always the same—delicious.
